

Ancillary Development

Come & grow together

For Construction

- Steel and Concrete piles
- Ready mixed concrete
- Steel Structure
- Refractory
- Paint/pickling shop

For Operation

- Steel probe
- Desulphurization /dephosphorization
- Mould flux
- Thermos material
- Manufacture & fabrication of structure
- Motor & transformer repair
- Air conditioner repair
- Conveyor belt/pulley repair
- Electrical equipment repair

Possible Socio Economic Impact

Different Scenarios	Total Employments (Sum of Direct & Indirect)			Induced GDP (Million Rs.)		
	Labour Intensive	Most Likely	Technology Intensive	Labour Intensive	Most Likely	Technology Intensive
1st Phase	35,728	31,168	30,420	1,085.6	1,066.1	1,062.9
