

Community Development

Growing with Community

Livelihood Support Program

Livelihood development activities providing scientific training for livestock, poultry farming etc.

Capacity building training for the fishermen community, and for enhancing farm-based livelihoods.

Gainful employment in horticulture, food processing units, and handicrafts etc, besides construction.

Community & Culture

Community participation by supporting various sports, socio-cultural and spiritual programs.

Neighborhood development like installing high mast lights, deep borewell and undertaking initiatives for community development.
